

Player Development Programme 2022

We have a group of club members, who have a very wide range of experience and who are very willing to share their knowledge and skills. Our Player Development Team includes people who have been part of the teaching team as well as players who have played successfully in the club, at county level and in national competitions.

The team are **flexible** but could offer, for example, the following:

- Partnering you (BBO, RealBridge or F2F) and then having time after the session to discuss
- Kibitzing a club session with a follow up discussion
- Kibitzing a casual game with a follow up discussion
- Helping a partnership to put together their convention card and discuss their system
- Providing feedback after a session based on BBO history
- Standard American or ACOL systems offered

A coach would work with a person/pair/group over 3 sessions in the year. Any further support would be a matter of negotiation with your coach.

The Process

Please send an email to nicola_renshaw@hotmail.com

- Your name(s)
- Contact Detail(s)
- A brief description of the support you would like

Members of the teaching team will match you up with the person we feel best suited to offer you support and they will get in touch. At this stage, we have only a small team of mentors so cannot promise that we will be able to pair everybody up.

Cost

All our coaches are volunteers, and the sessions are offered free of charge, but you may wish to show your appreciation by donating to CBC.
