

# Year 3

## Overview

These two full days are designed for those who attended our two-year course and for those regular Gentle Bridge players who would like to brush up on their card play and / or learn more about teams bridge.

The morning of both days will be dedicated to consolidation as well as some new topics. To ensure the teachers 'hit the spot', attendees will be asked which topics they would like to revise and what they would like to learn. Lesley and Martin, the course leaders, will then decide on the course content based on the views of attendees.

The afternoon of the 12<sup>th</sup> November will focus on card play as both declarer and defender.

The afternoon of the 27<sup>th</sup> January will focus on teams bridge. This is a fun way to play bridge. Time will be spent with your teammates scoring up and discussing how the session went. This session will prepare you for club teams events.
