12th May 2026

To Cnucha Bridge Club,

Thank you so much for your incredibly kind €1500.00 donation. It really means a lot to us. Your support helps children and families right across Cavan, Louth, Meath, Monaghan and the surrounding areas — and we're genuinely grateful.

Hub 21 is a parent-led charity, set up in 2017 and continues to be run by parents in response to a recognised need for services in the North East region. Donations like yours are what allow us to keep offering free and heavily subsidised therapies, supports and activities that make a real difference every day. The only people who profit from Hub 21 are the children and families who benefit and attend Hub 21.

Your generosity makes a difference to our children, and we are delighted to share with you some parent testimonials:

"Clodagh loves seeing her friends each week and taking part in all the fun activities Natasha has planned. It's helping her social and language skills grow all the time."

Kathryn mum to Clodagh (4) who attends weekly term time Early Intervention Groups

Aidan really enjoys his Sociable Souls group. Hub 21 is his happy place, he feels at home there, the sessions feel like a family gathering and the teachers and helpers give 100% to make it enjoyable for the kids.

Mary, mum to Aidan (10) who attends fortnightly Sociable Souls Teens Group

"Our child loves music therapy. It has been great in developing their fine motor skills, listening skills and turn taking. I would highly recommend it to any parent."

Parent of a child that attends weekly Music Therapy

"Excellent class for learning new skills and meeting friends."

Ciera, mum to Eoghan (10) who attends weekly SMART club sessions, a dedicated school age program

Thank you for being part of the reason children at Hub 21 can
GROW. THRIVE. SHINE

Kind regards

Jenny Matthews
