

**Hi Duplicate Lite enthusiasts,**

**Web Site:**

Many thanks to **Don Nagy** for building our terrific website!! Don is retiring after a number of years of significant involvement and service to our club. His photos, videos, and website design were first class and he will be a hard act to follow!

Ed L'Heureux is the new webmaster. Don has kindly offered to help with the transition period. We greatly appreciate all of Don's contributions to our Club. Best wishes go out to Don from all of us!

**Supervised Play:**

There will be an opportunity for new players (who know the basics) to continue to learn in the Supervised Play program beginning November 1. The program will be at the same time as the Wednesday game, starting at 12:30, and lasting for about 2 hours. The cost will be \$10 per session.

Each session will have a supervisor for players to ask questions and there will be a learning theme each week. The boards/hands will reflect the theme and participants will be able to practice and reinforce the concepts and strategies they are covering.

Please share this information with your friends who have played a little bridge and would like to learn more.

**Bridge Barn Blast:**

It was quite a day! Shirley Vestad welcomed us to Delta Hall, Shirley's Grandfather settled in East Delta in 1892. He and local farmers built the Hall in 1929 -1932 from timber on land they had on Sunshine Hills, horse skidded the logs down Peck Road which is now 104<sup>th</sup> to the Hall site and milled all the timber for the Hall. The North end of the Hall burned off in 1995 and once again the next generation of local farmers volunteered one year to rebuild the Hall. Now the second and third generation local volunteer farmers are trying to keep the Hall maintained for future generations. Many thanks to the farming community for the use of the hall!!

**Thursday, October 26-special club game with Halloween theme**
