Both captains are responsible for contacting the opponent's captain to find a suitable date to play the match and to agree how the match will be played. I hope teams will do an effort to play matches F2F. If not, then I suggest matches will be played on RealBridge, which makes it a more pleasant and sociable event. However, BBO is equally acceptable if that's the choice of platform for both teams. In the unhappy event that teams can't agree, contact me and I will make the call.

Please don't wait to the last minute to fix your games, they can be played well in advance of the due date! The dates on the schedule are the final dates by which a game has to be played. You will notice that each team has a Bye, but that doesn't mean you can't schedule in a game still to be played in the future. Games can be played early but not late! If a game can't be scheduled on time, a limited extension might be granted by the organiser, but only for valid reasons. In this case, contact the organiser (mpdeschepper@yahoo.com).

Results must be emailed to mpdeschepper@yahoo.com by the captain of the winning team, with the captain of the losing team copied in. The email must include the IMP scoring and ALL the names of the players of BOTH teams playing that day.

ENJOY!
