

Four is Enough - March 30

Four is Enough is a regular pairs game, except that the following rules apply to partnerships.

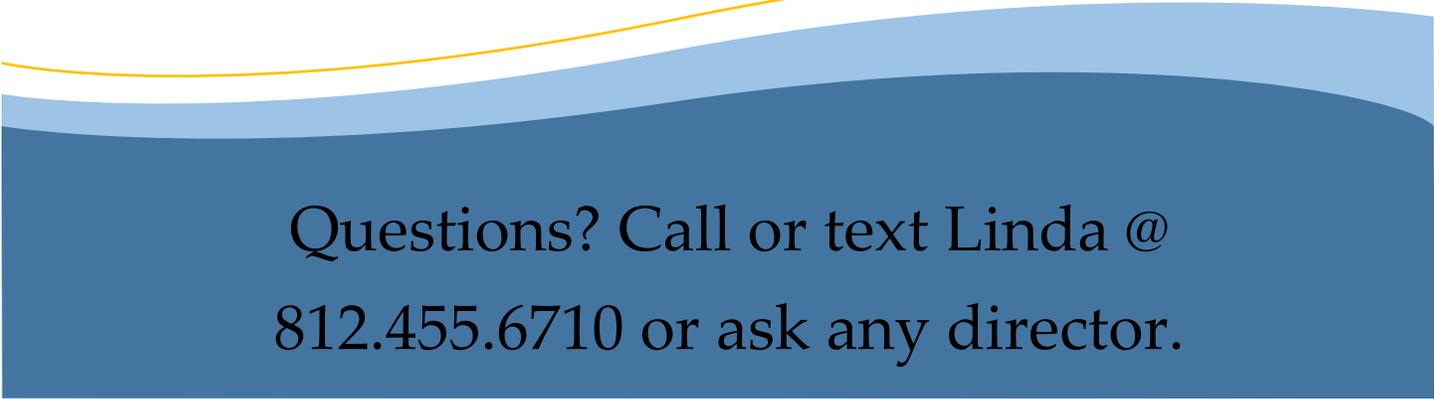

Those likely to play in this game will be divided into three strata. Our most recent strats were A/3, 1000+ mps; B/2 300-999 mps; C/1 0-299 mps. These strats may be adjusted to best fit the likely turnout on March 30.

No partnership may be valued at more than 4 points so the following combinations are valid: 3 + 1; 2 + 2; 2 + 1; 1 + 1.

We are not asking you to identify your partner at this time, just to let us know if you will probably play. The response will be evaluated by March 14 and a list of eligible players in each strata posted so you can secure your partner.

Please sign the list posted at the club by March 14.
