New premises – equipment needed; updates to committee & whole membership; communication to members; storage

- a. Paul gave update on the positive meeting with FCC and how more space will become available to us in 2023 as the Senior Citizens group closes this year.
- b. We have access to the back room for all our tables and chairs; our dealing machines & computer can go into lockable cupboards.
- c. We need to have play start at 12.30 and finalise by 3.30 as dance group needs the space we will be using at 4.00pm, but with less to pack up, this not seen as an impediment.
- d. We will have our own fridge and space for catering and the only requirement, as it is currently, is to make sure the area is tidy and clean after we have used them.
- e. We are hoping that Monday nights will soon be available at the new premises and we can also begin to promote beginners' lessons at our new club rooms.
- f. Members asked to bring their own lunch on Thursdays with coffee and tea provided.
- g. Email communication going out to all members with changes to the website and the Facebook page

2. Financial Report

- a. Total loss since July 2022 is \$2305. Income from Thursdays is either loss or break even and needs more people to attend. Real Bridge is maintaining numbers but would also welcome more participants.....

3. Christmas party and break up

December 15th and members to bring a savoury plate, refreshments and wine will be provided

4. Any other business

- a. Moving of furniture will take place on Tuesday 29th with excess equipment being stored temporarily at Lindsay's
- b. Filing cabinets will be relocated to new premises
- c. Denise to purchase 24 cups; 23 glasses; new tablecloths, perhaps new tables in the New Year; tea towels & serving platters
- d. We will wait to see how the move settles in before committing to purchasing other items.
