Meeting was called to order by Allen Bozek at 11:25 AM

Technology Committee

Steve Lafredo and Adam Kotkin explained the need for a technology update for the club building. There are two initial components to improving our infrastructure:

- Converting our internet provider from Comcast to AT&T with fiber optic cable for faster speed.
- Re-wiring the building and providing improved internet access points.

A motion was approved to convert our network provider to AT&T.

The committee agreed to get 2 more quotes for the building network wiring in addition to IOTY.

The next phase will be to explore software to help automate the club.

Meeting adjourned at 12:14 PM
