Inter-county 9-High Swiss Pairs

Saturday 2nd March 2024

Starts at 14:00 (2pm)

Run on RealBridge

On RealBridge you get to see and talk to your team-mates and opposition – it is as close to face-to-face as we can get. Depending on the exact number of entries, 24 or 25 boards will be played.

This is a continuation of the successful 9-High Series that we started during lockdown and a further chance to get different partnerships engaged in representing your county.

The more pairs a county has, the better chance the county has of winning (county score depends on their three highest placed pairs). Each pair must have a combined NGS that doesn't exceed 106 (ie the average is 9).

A commentary on some of the hands will be posted on the Midland Counties Congress website as soon as play ends.

Entries may be made on the Midland Counties Congress website:-
