

How to get a BBO Username

Obtaining a BBO username is quick and easy and free.

Click on this [link](#).

You should see a screen like this:

Click on 'Become a member (free!)'.

You should then see the screen on the next page

You should complete the required fields:

- User Name: Probably about half a million have already been taken. You will see if the one you want is available. If not change it until you find one that is.
- Password: The rules here are not very strict so you can choose one which is easy to remember.
- Email Address: An activation email will be sent to this address so it needs to be available to you when you finish this process.
- Skill Level: Expert is someone who has won a national event so work your way down from that.
- Country: Usually choose 'England'.
- Real Name: Is optional but at least a first name would be good

ACBL Number Do not put anything here.

Other: Many put a few brief details of the system they normally play here.

Once you have read the terms and conditions and checked the box you can click 'Register'
