

## Play It Again!

Both BridgeWebs and RealBridge have facilities that enable you to replay card-by-card the bidding and tricks of a hand. You can also investigate alternate lines of play with double-dummy guidance.

## BridgeWebs

This option is accessed through the **Replay** buttons on the right- hand side of the traveller.

Board: 1 - Dealer: North - Vul: None

It available from either **your personal score card** or the **Travellers screen**. Click **Replay** to launch the analysis tool.

The very first time you do this you may get a pop-up window:

Unless you have hand-analysis software installed on your device, select **BS Online** which is the free tool built into the website.

The top left of the window shows the players.

The bidding is shown top right. In this example, the EW pair played the contract in 4S making 11 tricks. This result is shown in the button underneath the bidding box, together with the percentage scored on the board.

To review the hand as it was played by West, click on the button labelled "Play: 4S+1 by W". While doing this, you can also choose a different card at any point.

To try out other lines of play on this hand, use the "Play" button at the bottom. These lines are down to you and do not reflect how the board was played at the table.

## RealBridge

This is an amazing facility that will let you see exactly how each card played affected the final result! Note: it's only available for events that were played on RealBridge!

To access the results on the RealBridge website, use the link on our Results page:
