

SENIOR SWISS MENTOR GAME

The Senior Swiss Mentor Game is a new game designed to be primarily a mentor game whereby our advanced beginners and intermediate players are mentored in a Swiss game format. Each person will sign up individually and teams will be drawn out of a hat. Each team will be made up of the following players:

Player #1: Open Player A	1500 + masterpoints
Player #2: Open Player B	750-1500 masterpoints
Player #3: Intermediate Player C	500-750 masterpoints
Player #4: Advanced Beginner Player D	200-500 masterpoints

(The masterpoint limits may have to be adjusted depending on sign-ups)

Open Players will play in the North and East positions and their mentees will play South and West. Each team can determine who will play together and in which position but open players cannot play together since this is primarily a mentor game. Each team will choose a team captain who will pay for the team and be responsible for scoring.

Everyone should sign up individually as you do not need a partner or a team. We will choose the teams on the day of the event by drawing a name from 4 separate baskets. Teams will be posted and given a home table. It is essential that everyone who signs up for this event shows up at least 15 minutes early or contact Mike Mendelson directly to cancel as you will be put on a team with 3 other people.
