

How to compare the performance of NS v EW after a teams' match

Open the Team Results from the Home page of the website.

The screenshot shows the website's navigation menu on the left and a table of team results on the right. A callout box with a blue border and a pointer indicates that the user should click on a small graph icon in the navigation menu.

Scorer : Adrienne Tinn

This table should appear. If it does not, make sure 'All Pairs' is highlighted at the top.

The screenshot shows the Bridge Solver Online interface. The 'All Pairs' tab is selected. The table displays performance metrics for various pairs, including Total XImps, Bds, and XImps/Board. A 'Double Dummy' column is also present, showing a bar chart for each pair.

Pos	Team	Players	Total XImps	Bds	XImps/Board	Double Dummy
