

Bob Gittings

I was born and raised in Jacksonville. I earned a BS from FSU and served 3 years in the Army as an engineering officer. I transferred those skills to commercial real estate, doing leasing, sales, management, and development including construction. I have been playing bridge for 40 years. It's always nice to win or place. But that joy, however, is trumped by the friends I've made while at the table. I am eager to contribute to this great club.

Anne Landry

I joined the ACBL in 1973 and was immediately and permanently bitten with the duplicate bug. I love the game—the competition aspect, the puzzle-solving aspect, and the social aspect. I am proud to be a member of JSOB and have worked in various capacities over the years to help this club grow and prosper. I directed two games a week for over 15 years. I cooked for tournaments and for Wednesday luncheons. I was a board member for over 5 years. Since I was a math teacher by trade, it was natural for me to teach bridge classes several years before Covid shut our doors. Now that I am no longer a caretaker for an ailing partner, I am eager to return to a position from which I can continue to help JSOB prosper. I would appreciate your vote.

Janice Madsen

I have been a member of JSOB for many years and have served on the Board previously. Bridge is an important part of my life. I am running for the Board because I want JSOB to continue to be strong and viable. There are many jobs to be done by volunteers, and this is the best way for me to contribute.

Kim Nichols

I am an active member of JSOB and am willing to serve as board secretary. As a retired pharmacist I am familiar with note taking and related tasks. I enjoy the club and all the people I meet.

Phyllis Rozof

I have been learning modern bridge technique since retiring from my career as a real estate attorney at a major commercial law firm in Detroit. Initially, I learned from good players in Michigan, then Cincinnati, and now here in Jacksonville. This club has so much going for it—a wonderful facility and wonderful people to play bridge with. I am happy to contribute my time and energy in the goal of preserving and enhancing the many good things the club has to offer and to make improvements where possible.

Richard Streeter

I learned to play bridge in college. After marriage and family, I began a secondary career in bridge administration. In 1991 I obtained my director's license and ACBL teaching certificate. Beginning in 2001 I directed regularly at St. Augustine Bridge Club. I also served as club manager and club president there. During that time, BridgeMates were introduced and I worked out a sharing arrangement with JSOB to keep the costs down for both clubs. I developed the old version of the JSOB website. From 2016-2019 I, along with Nancy Stein and the O'Dells, ran a successful bridge education program as part of the Duval County Continuing Education Program. I have chaired a JSOB Sectional tournament and have served often as a substitute director. I want to keep JSOB the best club in Florida. My priority would be to ensure that the club continues to be a friendly place to come and enjoy a good game of bridge.

Georganna Walker

JSOB is very special to me and I would love the opportunity to give back by serving on the Board. I enjoy being involved, working with others, generating fresh ideas and pitching in wherever needed. Most of all, I want to help JSOB continue to be a place where people look forward to coming together through their shared love of bridge.
