

BBO Dollars

There is a fee associated with tournaments on Bridgebase Online (BBO). This fee is identified as BB\$.

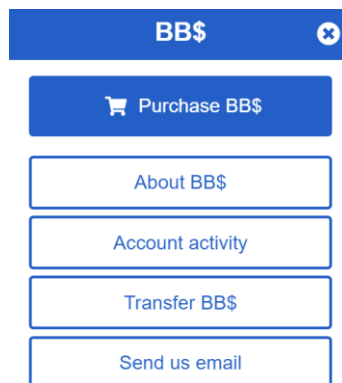

(Bridge Base Dollars); one BB\$ = \$1 US. You must have enough BB\$ on file before you will be allowed to register for a tournament/game.

Bridge Base Dollars (BB\$) are like pre-paid entry fees. They are not withdrawable as cash. They are added to your Bridge Base account when you purchase BB\$. They are deducted from your account when you purchase a tournament entry, rent a robot, and so on. BB\$ are not cash and they are not refundable.

To purchase BB\$, go to bridgebase.com using your internet browser. Click on the BB\$ icon on the top left side of your screen.

This will take you to another webpage in a separate tab where you can purchase BB\$ with your credit card.

Be aware that it costs more to buy BB\$ through the app on an mobile device (tablet or smartphone). The App Store adds a transaction amount to every purchase.

For example, in October 2021, the BBO app charged \$39.99 CDN for \$20 BB\$/\$20 US. If you purchase BB\$ through a browser like Safari, Chrome or Edge (on any device: computer, tablet, smartphone) it will be converted from US \$ on your credit card to about \$28 CDN depending on your bank's current exchange rate.
