

Archive Report

Last summer a new document was added to archive section which lists the first committee & further personal details of all of them, except one who I was unable to identify fully.

A couple more documents have been added into KCBA people section for David Anning & Geoff Russell. I've just about finished another for Mike & Daphne Williams so that'll be added soon I expect, after that no further in the pipeline at present unless suggestions received.

Trophy winners & Tollemache Cup documents have been updated with recent winners etc. KCBA history document has been updated with some 2016 events & I think from memory one item from 50s/60s.
