

KCBA archives update report

Report of changes to archive since last committee meeting, this is in addition to minor corrections or updates.

One new article has been prepared for the KCBA people section for Richard Pengelly & added to the website. In addition, two more articles have been written & it is hoped they should go live in the near future once various comments have been received. It is still hoped that an article for Ian Ottley will be added but it has been delayed while details are obtained.

The trophy winners section has had all 2018 winners to date added. In addition, some missing results from earlier years have been added including a few from inscription details on the trophies. Some Christian names have been added with help from various sources. There are still quite a few missing results especially from earlier years.

The new section which records successes of Kent players in national competitions has had a handful of additions from feedback from members as well as some 2018 results added.

The KCBA trophy history document has been updated to reflect that we definitely know the identities of the Arnold brothers who donated the Arnold Cup.

Also, the KCBA history document had had a few 2018 snippets added, the revised version will be added to website in due course.

At the moment no further progress has been made on the Pachabo results for Kent over the years but the results found to date will probably be added to website in the near future.
