

CONVENTION CARDS ON REALBRIDGE

RealBridge are still developing something for Convention cards - so we are still awaiting this

For the Mens & Ladies Pairs all pairs are sending their convention card to the Competitions Secretary (or a link to it) and I am putting a link on the Kent Website. Player will be able to see these during the event by clicking on the Entries tab for their competition, on the KCBA homepage.

At all Kent Events (including the Mens or Ladies Pairs) please give a system summary at the beginning of EACH round by TYPING this into chat e.g. Acol, 4cM, 12-14, 3 weak twos, standard carding, Hi-lo=even, A for attitude, K for count and McKenny discards. Use e.g. CTRL C to copy, CTRL V to paste. It is really important to give info on carding as well as bidding.

Q How do we show / see Convention Cards

A.

- In the Chat, when you are at the table in RealBridge.... you paste in the link.
- When your opponents click on this link, It may automatically open in another window/tab on their computer/device
- If not, they paste it to a browser e.g. Google Chrome or Edge and it opens.
- I also plan to have all the links on the Kent website.... so people can go to the entries and click on a pair's convention card.

For Saturday events..... we wish players to describe their system as CHAT at the start of each round, including leads/discards as we have been doing on BBO. Players can always ask more, as is intended on RealBridge.

When we know more, we'll let players know.

Stephen
Competitions Secretary
