**Local Supermarket:** Sainsburys, turn left out of the club and 200yds on LHS. Players are welcome to eat their own food in the club (please use cloths provided)

# SPLITTING TIES

EBU regulations i.e. according to the White book – quoting parts relevant to the Mens/Ladies Pairs

## 3.2.4 When is a tie split?

A tie will be split when necessary in order to determine:

- (a) the trophy winners of the tournament

Tied contestants always share equally any Master Points or cash/voucher prize which may be due in respect of the stage of the event at which the tie arises even though the tie may be split for one of the above purposes.

## 3.2.7 How to split a tie

### 3.2.7.1 Between two contestants

- (a) A simple tie between two contestants who played a match/round (see §3.2.5.4) i.e. 2-board round against each other will be decided by the result of that round.
- (b) Failing that, then the number of rounds (see §3.2.5.4) won in terms of the final method of scoring (see §3.2.5.1) i.e. match-points will decide (a draw is a half win). (c) (d) do not apply.
- (e) Finally, point-a-board count-back (see §3.2.5.3) will decide. This process involves taking account of all boards played in the stage of the competition in question (i.e. just the final). Note that whether a board is won/lost/drawn is established by reference to the basic method of scoring (see §3.2.5.1) i.e. match-points
- (f) Upon exhaustion of the above, the tie shall remain unresolved. Where the tie has to be broken, i.e. where qualification to the next stage of the competition or an indivisible prize is involved, this shall be determined by random ballot.
