

KCBA archives update report

Report of changes to archive since the April 2026 committee meeting.

As for the last year or so there have been no major changes to the website archive in the last few months as our history is now well documented.

Routine updating of various sections such as “Trophy winners”, “National successes”, “International appearances” etc has continued and the website updated. All trophy winners etc to May 2026 have been documented, although there are still a few gaps, especially before 1960, where the original records have not survived.

A biography of Terry Hornsby has been added to the KCBA people section. There are now 57 biographies on the website.

All the archive files on the Kent one drive have been updated where changes have been made since the last committee meeting. There are over 150 files saved.

One document which only require occasional changes, KCBA History, has been updated and the new version is now on the website.

Earlier this year many first names were added to the winners of the Kent Congress pairs and teams cups.

There has been no progress regarding old committee minutes (pre 2009) which it is hoped will eventually be added to the website.
