### Overcaller's Conventions:

**Takeout Double** - when to do it as the overcaller, partner's response and how to show a suit (or NT!) and points, and what overcaller should do next

**"Big" Double** - Learn how to show a big hand when the opponents have bid and what your partner should then bid.

**Unusual 2NT** - show those 2 five-card suits properly and learn how partner should respond.

**Michaels Cue Bid** - show your major and second suit over interference and learn partner's responses, including asking for the minor suit.

**Review & Practice** - Practice all the conventions in this series and determine which to use when.
