

How to make an iPad shortcut

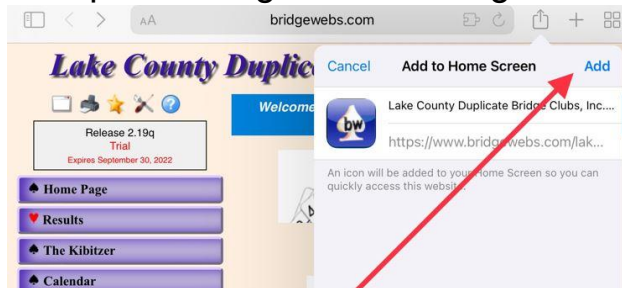

1. Use Safari to access the desired website (e.g., www.bridgewebs.com/lakeclubsinc)
2. Tap on the share symbol (a box with an arrow)

3. Scroll down the resulting window and Tap “Add to Home Screen”

4. Accept or change the resulting naming of the shortcut then Tap on

“Add”

5. A shortcut will appear on your Home Screen
