

## **LOP Championship Pairs Competitions**

The competition is open to all registered LOP online players.

The competition is for pairs and no substitutes allowed.

The competition will be held on the first and third Monday of September, October and November.

There will be 2 competitions run concurrently: the open competition, and the competition for partnerships where both players have an NGS grade of 10 or under on the first day they play in the competition.

The competition runs for 6 sessions and pairs will need to play at least four times to qualify for the final result.

On the competition night anyone can play regardless of whether or not they intend to take part in the competitions.

Prizes will be awarded to each player as free sessions: 4 free sessions for first place in each competition and 2 free sessions for second place.

The 2 pairs that qualify for prizes in the Open event cannot also win prizes in the 10 or under event even if the prize in the 10 and under event would be greater.

Any disputes to be decided by the LOP Committee and their decision is final.
