

DIMMIE FLEMING AWARD 2020

The intent of the Dimmie Fleming award is to publicly recognise those people who do not hold an official (i.e. EBU) office, but have given long and distinguished service for Bridge administration at County level. The duration and value of the service given by those granted the Award should be significant and substantial, but will be viewed flexibly. They should be volunteers who have contributed to County administration, typically giving 10/15 years' or more service. Board Directors, Vice Presidents and EBU employees excluded from nomination, however after leaving office such people are eligible for an award, if they have also worked hard for bridge at County level.

All nominations can be made by any shareholder, county, or EBU member, but should be made via your County who will then submit the nomination to the EBU stating that approval of the County Committee has been obtained. There is a maximum of two nominations from any one County in any one year.
