Members Only Access

We encourage you to sign up in order to access the "Members Only" section. The Members Only section provides access to the membership directory, the message board, allows you to confirm and/or update personal information, and find a partner. Members will need to set up a password on their first login.

For instructions on how to **setup a password for first-time login**, [click here](#).

For instructions on how to **change account information**, [click here](#).

Click **[Set/Reset Password]**

To use the "Members Only", you will need to be Registered with the club

If this is the first time that you have used the "Members Only", enter your **Email or ACBL No** and click **[Send Set Password Email]** and an email will be sent to you with a link to enable you to set your password.

If you have forgotten your Password, enter your email and click **[Send Set Password Email]** and an email will be sent to you with a link to enable you to reset your password.

Member emails have been uploaded from the database files from the club. There are some instances of members not having their email available. **If, and only if**, you receive the message **No email registered for "yourename@youreemail.com"**, please let the web administrator know and your email will be added to the member database.

If your email is correct and registered in the database, you will receive the following screen. You do not click anything on this screen; it is just informational only. Follow the instructions on the screen and go to your email account. You should see an email from Lethbridge Bridge Club (check your junk/spam folder if not showing in your primary folder).

This is an image of what you will see in your email. Click on the link to **Reset password for Account Name** in the email message.

Lethbridge Bridge Club - Member Request

The following screen will appear that will allow you to create your account password. The redacted area (which I blacked out for security reasons), shows you the password requirements. My suggestion for a creating a password is 10 – 12 characters using a combination of alpha, numerical and special characters as described. Try using a unique password. When finished, click one of the **[Save]** buttons.

Set/Reset Member password

You have reached this page from a "Send Set Password Email" email link.
Enter the new Member password required in the first box and then repeat the password again in the second box.

Then click **Save**
