

2024 - REVISED PLAY OF THE HAND

LEVEL 1 - ONLINE

Are you are struggling with your play of the hands?
Still not Making Your Plan and counting your winners and losers?
Is the reason for losing a trick or tricks still escaping you?
Scratch your head when you see players not taking their tricks when you grab them and go down in your contracts while others make the contract?

Let's change your losing games into winning games.

Lesson 1: All experts make a PLAN and count their winners and losers before touching a card. Learn their secret. This lesson will also teach you the power of ducking a trick or tricks in order to set up your suit to make those extra tricks.

Lesson 2: The Finesse: Many players think the simple finesse is all there is to know about finesses. The truth is: they are missing many, many good scores by not knowing, along with the simple finesse, the repeated finesse, the double finesse, the ruffing finesse, the 2-way finesse and 8 ever, 9 never. You will also learn when not to finesse.

Lesson 3: Developing tricks through length. Learn the odds on how to expect your suit or suits to break so you can play for the best breaks possible. Developing long suits entails far more than just holding high cards.

Lesson 4: Getting rid of those pesky losers.

Dates: Monday April 29, May 6, 13 & 20.

Time: 10:00 – 12:00 Pacific Daylight Saving Time
