

# **THINKING DEFENCE**

## **Bridge Lessons (in person)**

Defence is at least half your game,  
some days much more.

Let me help you become proficient in:

**Signals:** As defenders every time you play a card you are giving your partner a message. Learn how to give the signal and how to understand the signal.

**Opening Leads in NT Contracts:** Choosing the lead will cover partner's suit, your suit, unbid suit/s, long suit 4<sup>th</sup> highest, Rule of 11, broken sequence, interior sequence and more.

**Opening Leads in Suit Contracts:** Choosing the lead in partner's suit, top of doubleton, top of a two-card sequence, trump suit, singleton your suit, and more.

**The Devastating Defensive Hold-Up Play:** The hold-up play is a technique that can stop your opponent's dead in their tracks.

The successful hold-up play allows you to cut the lifeline between declarer and dummy and set their contract.

Dates: Tuesday November 3, 10, 24 & December 1  
(note: no lesson November 17)

Time: 10:00 – 12:00
