

To All the Supervisors/Teachers at Bridge

My Thursday mornings are my favourite days of the week. I have played social bridge for many years and have recently started duplicate bridge. These sessions are helping me embrace the new thinking in duplicate bridge, grow in confidence and learn so many new things. They are also clarifying many rules that I have learnt but not totally understood (after I thought I really understood them). It is a really encouraging environment to play in.

Thank you so much!

These lessons have been absolutely wonderful. So valuable and the best time spent learning additional bridge. Sad when I have to miss these incredible Thursdays! Thank you! Thank you!

Thank you so much for all the time you have given to help improve both our bridge & grow the club again. It is my favourite morning of the week.

Popped into The Links on the first day of supervised bridge just for fun. Then and every time it is the best bridge tuition that I have ever had. Thank you, thank you all the supervisors. All of you are marvellous, helpful, and have much patience.

What a gift!

The Thursday sessions have ignited my interest in bridge. It's a privilege & an indulgence to have experienced bridge players share their expertise & time so generously as they unpack the complexity of bridge when helping decipher a hand.

Many thanks for this opportunity.
