## MRBC Player Development – BBO (BridgeBaseOnline) for Novices

Catherine Byrne, Master Player, CBAI certified bridge teacher and former MRBC President, has very kindly agreed to organise a series of mentored BBO sessions on Friday nights at 7 pm commencing 17<sup>th</sup> September.

This is aimed at MRBC novice members who have not taken the on-line play plunge and those who may feel a little rusty and would like a gentle reintroduction to play. This is open to both pairs and individuals so if you had creative differences with your last partner this is an opportunity to try new relationships.

A minimum 16 players are required to make this effective.

Boards will be restricted to 20 in number so there will be plenty of time for relatively stress free bidding and play.

Please indicate your interest by emailing Tournaments Officer, Tom Gilligan, at [tournaments@mrbc.ie](mailto:tournaments@mrbc.ie).

Once enough interest is evident you will be asked to register on BBO, and forward details to [technology@mrbc.ie](mailto:technology@mrbc.ie). Guidance will be provided to anyone who needs it.

General information on BBO can be found on [www.bridgebase.com](http://www.bridgebase.com) and on MRBC website tab 'MRBC BBO Online Information'.
