

MAKE A PLAN (Part II)

By Danielle Gosselin

- As Declarer, do you see the possible dangers at trick one?
- Can you count enough tricks to make your contract?

If not, you need a plan!

Make A Plan (Part II) will help you develop the best strategies to maximize your Declarer play.

Join me and three other players for a 2-hour seminar conducted on Zoom and play prepared hands on BBO. We will look at hold up plays, entry management, leads and inference from opponents' bidding and finally, when and how to finesse.

You don't need to have taken Make A Plan (Part I). All you need is to register with me. Hopefully you will have a partner, but if you don't, I will help you find one. The fee is \$25 per person.

I hope to see you at my table!
