Returning to Face-to-Face Games?

- ACBL is moving away from supporting on-line bridge to help clubs return to face-to-face games. Many clubs south of the border have already started to re-open.
- ACBL's **first step** in that approach is to **reduce its on-line MP uplift from 1.5 to 1.25 effective July 1, 2021.**
- Your MObridge games will also be impacted by the reduced uplift on July 1 and don't be surprised if that disappears altogether as we approach Fall and f2f games become more commonplace, at least in the US.
- While we, in Canada and certainly within the MObridge community, are not yet ready to return to face-to-face, we have certainly been working diligently on this and will be ready, when the time comes, in an instant.

Want a game? Don't have a Partner? Register at our Partnership Desk. If you don't get a game and we need subs, we will invite you to play. For the 0-20/50/99/300/500 games it is difficult to find subs - if you're available to sub, please let the Director know (VACB207860) and we will invite you (if subs are needed).

Open games get credit for limited games that start within 30 minutes. For example, if we have a 300 MP game with 12 tables and an Open game with 8 tables the Open game will be awarded MPs based on a (8+12) 20 table game.

More tables equals more potential points!

Please be careful to ensure you are registering for the correct game.
