When opponents lead their strong suit against you in NTs, count how many cards you and dummy have in that suit. (Here, you have 2 clubs & dummy has 3).

So duck twice. (7-5 =2).

The 6 SILLIEST ERRORS made by BRIDGE PLAYERS

 Carding methods etc.

ERROR 2.

ERROR 3.

Playing too quickly.

As soon as dummy is faced declarer calls for a card. This is an inexperienced or lazy declarer who will attempt to make it up as he goes along. Bridge requires that you think/plan more than one trick at a time. Learn to think ahead, **BEFORE** you play to trick 1.

ERROR 4.

HESITATING because you failed to predict that declarer would do what he did!

Declarer, in 3NT leads towards dummy's ♥K962 you Hold ♥AJ3

ERROR 5.

Having your card out BEFORE RHO has played a card.

I have often been unsure whether to finesse or play high. There are some players who kindly assist by having their low card in the hand ready to play!!!!

WAIT until declarer calls for the card he wants **BEFORE** removing your card from the fan!

ERROR 6.

Holding your hand so that opponents can see your cards!

A quick peep at the opponent's hand is better than a finesse. Of course it is not ethical but sometimes very difficult to avoid. Have you ever been told by an opponent to keep your cards up? Sometimes it is embarrassing, how open/horizontal opponents fans their cards.
