Dear North Eastern Bridge Association,

Because of your generous support of Dementia UK, more families affected by dementia can access life-changing help when they need it most - thank you so much.

Our work is only possible because of your generosity, which is why we are truly grateful for your donation of £312.00.

Your support is appreciated now more than ever, as every three minutes someone in the UK develops dementia. Too often, families struggle to know where to turn and are left feeling exhausted, overwhelmed and alone.

Thanks to your kind donation, more of these families will receive the expert, compassionate support of our specialist dementia nurses, known as Admiral Nurses.

Our nurses are a lifeline for families facing the fear and confusion of dementia. Whether it's on our Helpline, through our virtual or face-to-face clinics or in the community, they help families live as well as possible for as long as possible.

"Speaking to someone who totally understands the situation I am in was an absolute lifesaver. I was at breaking point before I called. It put everything into a clearer picture and gave me a way forward. I felt in despair before this and afterwards, like a weight had been lifted." – Helpline caller

From all of us at Dementia UK, thank you again for your support. Together, we can make sure that no one has to face dementia alone.

Best wishes,

Emma Jamieson
