

RULES FOR NCBA “TEAMS OF EIGHT” LEAGUE

Issued July 2019

The League is under the management of the NCBA committee. All players are expected to ensure that matches are arranged and played for mutual convenience and enjoyment. Where problems arise captains are urged to consult one another to resolve matters to mutual satisfaction.

Postponement of matches causes problems to all and every effort should be made to complete fixtures on the dates agreed.

General

- 1 The entry fee for the league is payable before the start of the season.
- 2 Any club wishing to enter or withdraw a team must let the League Secretary know before 31st July.
- 3 All differences and disputes that cannot be settled between teams shall be referred to the League Secretary and settled by the NCBA Committee, whose decision shall be final. For any breach of any of these Rules or any other irregularity, the Committee may impose such penalties either by way of deduction of points or otherwise as it may think fit.
- 4 If at the end of the season a team has played less than half of their matches then the results for the matches they have played are cancelled. If the offending team has played half or more of their matches then their results stand and the other teams in the division that have not had the opportunity to play against the offending team are awarded VPs along the following lines:-
The non-offending team receives (a) 12 VPs or (b) its average score in VPs for the season or (c) 20 minus the offending team's average score in VPs for the season, whichever is the greatest.
- 5 New teams entering the League will start in the lowest division.

Eligibility

- 6 The League is only open to teams from EBU affiliated clubs in Nottinghamshire. Players must be bone fide members of that club. To comply with current Garden Cities rules bone fide means that “players must play regularly at the club or for the club, or contribute regularly in some other way”

- 7 **No player may play for more than one club within the League in any one season.**
- 8 **There is no limit to the number of players who can represent any one team.**
- 9 **Where a club enters more than one team:**
 (a) **For each team apart from the lowest ranking¹, four players must be nominated who will only play for that team or a higher ranking team.**
 (b) **Nominated players must play at least half of the matches during the season, and for the team for which they are nominated. For example if the team is in a 10 match division , at least 5 matches to be played for the team for which they are nominated. If an 8/9 match division, 4 matches.**
 (c) **The names of nominated players must be sent to the League Secretary by the 31st December. These names will be published on the NCBA website.**
 (d) **No player may take part in more matches altogether than the largest number of matches played by a team that he/she has played for.**
 (e) **Subject to the above, a player may play for different teams against the same team.**
- 10 **To encourage participation, in the lowest division only, a team may include a non EBU/NCBA member on two occasions only (i.e. two such non-members in the same match, one in two different matches, or two in one match each). Their names must be clearly identified on the result sheet.**
- 11 **Any team that includes an unauthorised player for one or more matches will incur a penalty of 5 VPs for each player on each occasion. Unauthorised players include those who:**
 (a) **Have been nominated for a higher ranking team.**
 (b) **Have already played the maximum permitted number of matches.**
 (c) **Have previously played for another club in the same season.**
 (d) **Are not EBU/NCBA members, subject to Rule 10.**

Matches and Results

- 12 **Matches should start by 7.15 p.m. and players should make every effort to finish no later than 10.45 p.m. The Home team are required to provide a suitable venue and refreshments, at no cost to the opposition.**
- 13 **Matches are to be played over 24 boards with imps scoring. Where 24 boards cannot be played (for whatever reason) the same victory point scale should be used. At least 18 boards must be played for the match to**

be valid.

- 14 If a ruling on the laws of bridge is required, the captains of both teams should be called, and they should attempt to agree on a ruling. (For help contact the League Referee: details at the end of the Rules). All irregularities should be reported to the League Secretary either at the time of the occurrence, or with the result sheet. No appeal will be considered once the result sheet has been signed by both captains. Captains are advised not to sign a score sheet if they have a dispute that could not be solved on the night.
- 15 Results of matches must be returned to the League Secretary within 7 days of the match.
- 16 The head-to-head matches between teams from the same club must be played at the beginning of the season, or when advised by the League Secretary. If the match is not played at the due time the result will be recorded as 0 – 0.
- 17 Matches should be played by April 17th. Matches not played by then will be recorded as 0 – 0, unless there are exceptional circumstances. However those teams in the top division who are competing for entry to the Garden Cities Trophy may be required to complete their matches by an earlier date; to be advised by the League Secretary.
- 18 It is the responsibility of the home team to contact opponents to arrange fixtures. Fixtures must be agreed by the date advised by the League Secretary at the start of the season.
- 19 An agreed match date may be re-arranged at any time without penalty only by mutual consent. However in asking for a re-arrangement, or cancelling a match, a team is agreeing to concede if their opponents do not wish to rearrange, or a new date cannot be agreed. It is advisable for Teams to make sufficient allowances for last minute non availability of players. In the event of poor weather conditions it is reasonable to agree to cancel.
- 20 Penalties for non arrival or late arrival of one or more members of teams, and conceded matches.

All of one team is present

(a) If no members of the offending team are present 45 minutes after the scheduled start, then the match is considered as conceded by the offending team.

(b) If some members of the offending team are present

- (i) After 30 minutes of late arrival (notified or not) the match is reduced by 2 boards and for each extra 15 minutes a further 2 boards. A total of 18 boards must be played. For each board not played 3 imps is awarded to the non-offending team.
- (ii) The match cannot be abandoned until 1 hour 30 minutes has elapsed from the scheduled starting time. After which the offending team concedes the match (Note: This period of time may enable the team to be completed either by the arrival of the player(s) or by replacement player(s) being found).

Neither team is complete at the scheduled start

- (c) The team which is completed first is the non-offending team and Rule 20 (b) applies.

Conceded match

- (d) The offending team is penalised by 6 VPs and the non-offending team awarded 12 VPs or its average score for the season or 20 minus the average score of the offending team whichever is the greatest.

- 21 As a matter of course, any team not completing the full fixture list by 17th April is not eligible for promotion to another division, irrespective of their position in the league. Applications for exceptions to this rule should be made in writing to the League Secretary as soon as possible, and each case will be considered by the NCBA Committee.³
- 22 At the end of each season, provided that the structure of the League remains the same, within each division the two teams with the most VPs will be promoted to the division above and the two teams with the least number of VPs will be relegated. In the event of a tie the team that won most VPs in the head to heads will take precedence. In the event of that being tied it will be decided by a draw of a card by the NCBA Committee. In the event of a team withdrawing from the league before the constitution is set the protocol is the teams are still relegated and promoted as agreed at the end of the previous season. The gap left is filled up the divisions by the third placed team in the lower division/s"

Rules of Play

- 23 Computer dealt hands may only be used with the prior agreement of both teams. Prior being when the match is confirmed and again, for the avoidance of doubt, before the match starts.
- 24 All pairs must have matching convention cards (see note 4). Failure to do so will mean that when any bidding dispute or ruling on the laws of bridge is required (see Rule 14 above) players without convention cards may be disadvantaged.

- 25 Any form of paper or electronic scoring, such as Bridgemates and BrIan, may be used, but only with the agreement of both teams. It is essential that these systems do not at any time show hands which have already been played.**

Notes:

1. The comparative ranking of teams is determined by the divisions that the teams are in. If teams are in the same division, the higher ranking team is considered to be the one with the letter nearer to the beginning of the alphabet (e.g. Nottingham A is higher than Nottingham B).
2. If one team is entirely at fault, (including withdrawal from the league after the half-way point) that team receives 0 VPs. The non-offending team receives (a) 12 VPs or (b) its average score for the season or (c) 20 minus the opponent's average score, whichever is the greatest. Matches may be played after the end of March with the prior permission of the League Secretary.
3. Only teams that can demonstrate beyond doubt that their failure to complete their fixtures is through no fault of their own may be exempted from this rule. The Committee's decision is final.
4. All players are recommended to have convention cards; otherwise they may be disadvantaged in the event of a bidding dispute or ruling. Convention cards can be downloaded from the EBU <http://www.ebu.co.uk/laws-and-ethics/convention-cards> and customised to individual pairs' systems.

League Secretary:

Jane Hall Telephone: 0115 965 2595 (janehall151@btinternet.com)

Referees:

For issues concerning the Laws of Duplicate Bridge contact the County Tournament Director. If they are not available the NCBA will nominate an experienced senior Director.
