

The fact that over 95% of experts and regular players use Two Over One highlights the significance and prevalence of the Two Over One (2/1) game-forcing bidding system in bridge.

This Beginning Bridge course covers it all, whether it is the first time you sit down at a bridge table, if you are returning to the game from past experience, or just want to polish your 2 over 1 skills. We will teach Bridge Fundamentals, Hand Evaluation, Bidding Basics and Simple Overcalls using the 2/1 system.

The course will run 10 weeks on Thursday mornings from 9AM - 11"ish" at the club. Total cost is \$100.
