

SELECTORS & CAPTAIN REPORT FOR MARCH 2023 COMMITTEE MEETING

Oxfordshire came 4th in the Tolle which means we are seeded for next year. It is a better result than many previous attempts, although no county was about to take on Manchester for first place - I am not sure they had anyone playing below AH NGS.

The selection is at risk of too many resignations, and it has been suggested that Alan take over as chairman of selectors and that I captain the team for the coming year, Diana having stood down. For the most part this would enable us to get a team out for the necessary occasions - quite a feat in itself as it happens. I am happy putting in the effort to do this. I think Peter will also want to step down, so we should perhaps ask clubs for any nominations - we particularly need someone covering the Abingdon/Wallingford axis.
