

SECRETARY REPORT FOR NOVEMBER 2023 COMMITTEE MEETING

- **Admin**

As requested by Kathy, agendas and minutes have been circulated for the AGM in September, Full Committee meetings and the Competitions Subgroup meeting. I've attended these meetings primarily to take minutes and to give views where requested.

All the minutes are on the OBA Website, under County Business.

No other correspondence has been received so all up to date.

- **Website**

The website continues to be updated regularly with competitions entry forms, results and successes of OBA players. News items / competitions / Junior events are added as requested by clubs. Others passing on information about things that need to be updated is very helpful.

The left hand column of the website clearly shows results and forthcoming events, links to entry forms and further information for **all** OBA Competitions for the entire year and regular monthly events. All events are being regularly advertised by email from obacomp@gmail.com and through BridgeWebs. The number of entries to the President's Cup was particularly encouraging.

I have a team list for the upcoming Dawes League match and it would be great to post any report afterwards, please send to me if one is being written. I have added results of Tollemache today.
