

SECRETARY REPORT FOR MARCH 2024 COMMITTEE MEETING

- **Admin**

As requested by Kathy, agendas and minutes have been circulated for the AGM in September, Full Committee meetings and the Competitions Subgroup meeting. I've attended these meetings primarily to take minutes and to give views where requested.

All the minutes are on the OBA Website, under County Business.

There is a funding request received from Yarnton BC that is being considered on the agenda.

- **Website**

The website continues to be updated regularly with competitions entry forms, results and successes of OBA players. News items / competitions / Junior events are added as requested by clubs. Others passing on information about things that need to be updated is very helpful. Reports from Dawes League matches are now being added.

The left hand column of the website clearly shows results and forthcoming events, links to entry forms and further information for all OBA Competitions for the entire year and regular monthly events. All events are being regularly advertised by email from obacomp@gmail.com and through BridgeWebs. The number of entries to the County Pairs and December Swiss Pairs was particularly encouraging.
