

## Secretary Report – March 2026

As secretary I have continued to ensure all minutes of meetings are taken, participants are given the opportunity to review and then available on the website. There has been correspondence concerning a request for the Wessex League to return to F2F and junior grants.

Many emails requesting information come my way, which I simply reply to unless further clarification is needed from either the Competitions or Full Committee.

There has been correspondence with clubs to help facilitate their one Day Blue Pointed Events, applying for licenses for some of these and for the Congress.

I continue to prompt member of committees to complete their action points from meetings or appoint TDs for events and send joining instruction for all OBA Events.
