

BOTE Spring Education Schedule 2020

Completing Your Convention Card - by Anne Hughes

Tuesdays (09:30-11:30 am): April 7 & 14

Description:

Two interactive sessions on use and completion of the standard convention card as supplied by BOTE Inc.

“Somethings Old, Somethings New” - by Roy Perry

Tuesdays (09:30-11:30 am): May 5, 12 & 19

Description:

This solid array of selective topics aims to provide students who are now ready to upgrade their game with a thorough analysis of some of the techniques that I have found important to augment Bridge thinking and observant play. Following a brief conceptual overview, each week we will discuss different themes relevant to the gradations of Duplicate and assess how they can contribute to our overall understanding the game. In addition, we will explore those same problems in an applied manner with hands-on practice.

“Law of Total Tricks - LOTT” - by Randy Bennett

Tuesdays (09:30-11:30 am): May 26 & June 2

Description:

The Law of Total Tricks (LOTT), as written by 25 time North American Champion Larry Cohen and his long time partner, Marty Bergen, is an excellent bidding tool. To be a good player, you need to know the Law. To be a great player you need to know when to break the Law! I, as a 50 year advocate of the Law, am offering two classes ...

1. When to follow the Law ...
2. When to break the Law!

Each class will be 1/2 hour of instruction followed by 1.5 hours of play, with various hands designed to consider the effective use of the Law (LOTT).
