

### **Ovid's Covid BBO'Ode**

The Bloody CoVid

It got us "Drove Vid"!

It makes us feel morbid.

We hates to watch the news.

It sure gives us the blues.

Then there's the constant queues.

Line up for the grub, Line up for the booze

Then get back home and watch more awful news.

This having to stay apart,

Sure, it can break a bridge player's heart.

What can we do?

We just don't wanna feel blue,

S'pose we will go online, it's always BBO time.

Another tournament, another defeat,

Let's stick with the BOTE club games,

At least our bridge friends we will meet.

Not many points, with Covid on our minds,

We might as well rant; it'll help pass the time.
