

How to Signup for Members Only section

To use the "Member Only" pages, you will need to Login with your email and your password. Click on Members Only tab , enter your email address and click 'set/reset password'

The club has added all members (those that purchased a 2025-26 membership) to the club database, but each Member needs to have their own password.

The screenshot shows a web form titled "Member Login". It has three input fields: "Email / Name / ABF No :", "Password :", and "Remember Me :". Below the fields are two buttons: "Login" and "Set/Reset Password". A yellow arrow points from a red circle with the number "1" to the "Set/Reset Password" button.

Enter your email into the "Member Login" page and if you get:

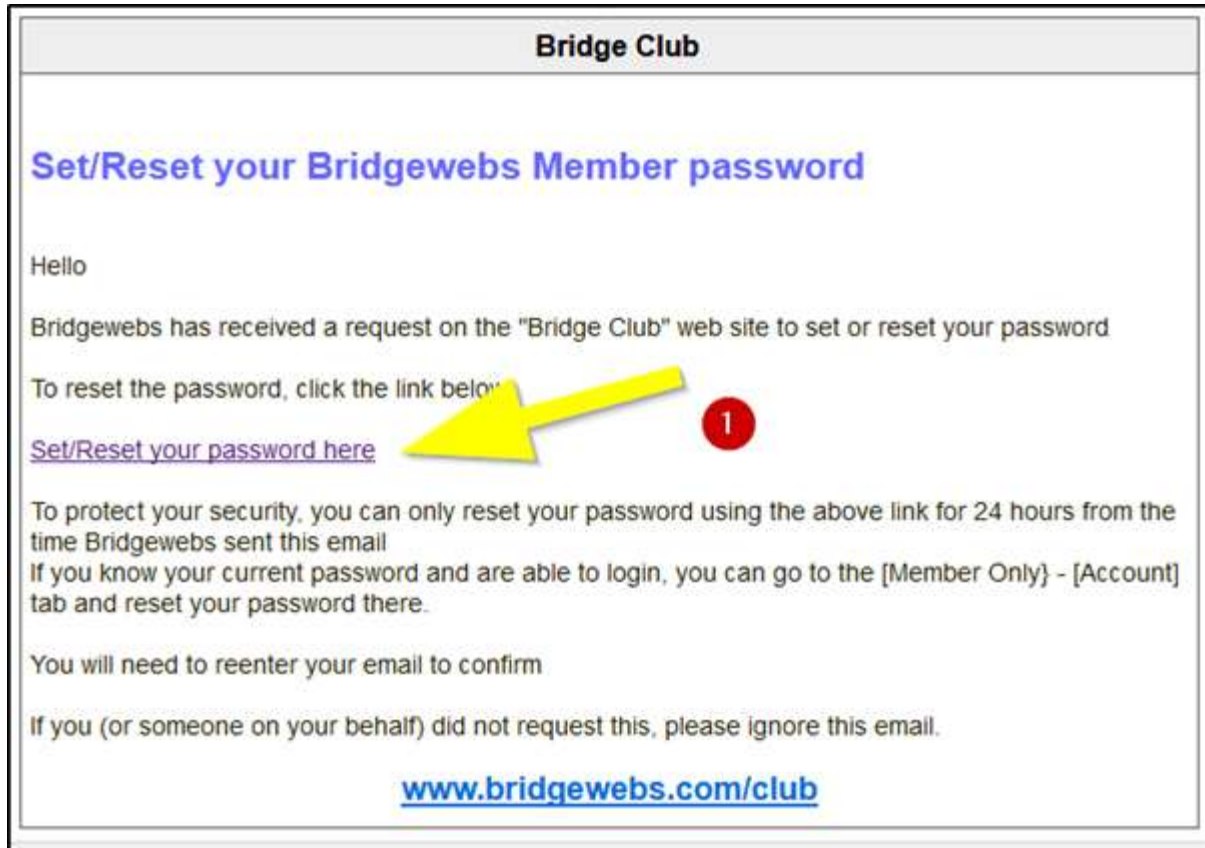

- **"Member '...' does not seem to be registered"**, you will need to contact the club administrator to be registered
- **"Password Required"**, you can use the [Set/Reset Password] to initiate the process to assign a password, either the first time or if you have forgotten it

Click [Set/Reset Password] . The following will appear.

The screenshot shows a web form titled "Set/Reset Password". It has one input field: "Email" with the text "abc@example.com". Below the field are two buttons: "Send Set Password Email" and "Back to Login". A yellow arrow points from a red circle with the number "1" to the "Send Set Password Email" button. Another yellow arrow points from a red circle with the number "2" to the "Send Set Password Email" button.

- Enter your email
- Click [send set password email]and, if this is a valid i.e.. registered email, Bridgewebs will send an email to you with a link to set your password, thus confirming who you are.
- You will receive an email within a few minutes looking like this:

Follow the instructions in the email by clicking on the "Set/Reset Password" link in the email

- This takes you to a [Reset Password] window
 - Enter your email
 - Enter a password
 - Repeat Password
 - Click [Reset] button.
- If successful, you will now be logged on.
- Subsequently, members will be able to login using just their email or name (see below) and personal password only.

Note 1

Once you have given yourself a password, you can log in with your email, affiliation number or name.

Note 2

If you have the same email as some other Member, eg your spouse, then when you get the [Reset Password] email you will get a link for each and you can set a different password for each. Then when you login, Bridgewebs will check both email and password and log you in as appropriate.

Note 3

If you do not have an email or the email fails to arrive, possibly gone to Junk folder, ask the Web Administrator to assign a password for you
