Hi All,

You are invited to play in the BWOnline Summer congress which will consist of Swiss Pairs on Sat 31st Jan. and Swiss Teams on Sun 1st Feb. You are welcome to play in either event.

**Jim Naughtin** will direct the event under the supervision of National Director **Jeff Carberry** using the BBO platform. Congress level masterpoints will be awarded to financial ABF members. Cash prizes will be awarded to both open and restricted winners.

### Timing

Each event will start at 10am, pause for a gourmet lunch break about 1pm and finish about 5pm.

### Format

Each event will consist of six, nine board rounds.

Scoring will be IMP scoring, the movements will be Swiss, meaning that successful players should move to more challenging matches as the event proceeds.

### Entry

Entry to each event will use the BBO registration method which will open at 8am.

You must be online, registered and ready to play for the 10am start.

To find the event, select Competitive, All Tournaments and search for **BWO**.

The title will be either **BWOnline Swiss Pairs Congress** or **BWOnline Swiss Teams Congress**

The director will be **vABF3489**.

The cost will be **\$20 BBO** per player per event.

### Partnership Desk and Substitutes

The partnership desk will be operational for both events.

If you are willing to act as a substitute player, pair or team in either event, morning or afternoon, please let me know so that I can give robots the flick and you may get a free congress.

### Multiple Player Pairs

Entry into either event as a multiple player pair is also possible if two sessions would be too much for you. One pair could play the AM, the other pair the PM, and you would share the cost, masterpoints and prize money. Let me know if this would work for you so that I can manually manage the finances and masterpoints.

Regards

Jim Naughtin
