

How to put money into your BBO account

This is a fairly simple, easy transaction: you put £s into the BBO \$ account using your credit card, and there is a small transaction fee.

Log into BBO2.

Click the blue button marked BBO\$. Click purchase BBO\$

We are charging \$3 for each game. Before you play you can put the exact amount needed for the game each time you play; or, preferably, you can put in \$10 or \$20 for example once in a while, and the appropriate amount will be taken from that.

Each time you log in to BBO a little box will appear at the bottom right of the page for a few seconds giving you your balance.

It seems that you may be better buying the \$s through the BBO website as suggested rather than through the BBO APP. (the APP is an alternative way to log onto BBO and is available to download on tablets and ipads).

You pay a fee to BBO for their costs (currently 30%), and the balance goes to the EBU who take some for P2P and the balance goes to the County. This helps towards the fees to be paid to the EBU to set up the game an hour and a half before the start time, manage and direct the game, deal with any after game queries, complete the administration of send results to the EBU and putting the results on our website. As we are a members' club we are not aiming to make a profit.
