I will pay for both myself and my partner

**11.** Register with your partner using partner's BBO user-name. Make sure you have sufficient BBO Bridge Bucks(\$6). Either one of you can "invite", but both partners need to be logged on at the same time to register and be able to accept the invitation.

**12.** Keep in mind that if you are registered to play, you can leave the BBO site, but you must be logged back on within 10 minutes of the tournament's start time in the **Virtual Club Area**, otherwise you may not see the automatic Game Start and miss playing the game you and your partner registered for.

**13.** If you are "blocked" from registering for one of our games, please keep trying.

**14.** Playing on BBO differs from playing in the Club with regard to the **ALERT** procedure. On BBO, you will "alert" or "announce" your own bids. You do this by clicking Alert and typing in the bid's meaning. This is so different that it's easy to forget.
