

## Stowmarket Bridge Club

### Stowmarket's Individual Knock-out Trophies

Starting in March 2020 Stowmarket Bridge Club will be running two Knock-Out Competitions.

These two events will run from March to July 2020

The First Event is for players with an NGS percentage of 50% or more

The Second Event is for players with an NGS of below 50%

These Events will be scored by players attending at least once a month, either Wednesdays or Fridays, and recording their first result. These results will be compared with their drawn opponent and the winner will go forward to the next round. We are aiming to have 32 players in each competition with four rounds and then a final.

#### Competition Rules

The players **First** result each month will be their competition score.

The player's NGS at the start of the competition will dictate which Event they play in.

Both events will be Scratch events

In the unlikely event that two players of a regular partnership reach the final they will both pick an alternative player to play with and record their final score.

#### Entry to this Event

Entry is free, however for non-members we are also offering an incentive to join Stowmarket Bridge Club as the £10.00 annual fee will, this year, entitle you to 15 months membership, March 2020 to June 2021, FREE entry to all future Knock-Out and other club competitions, of which there are several planned and our regular club afternoon / evening sessions.

Normal table money will still apply.

Please confirm your interest and entry by contacting Andy Billinge at:-
