Based upon an output xml file from (mostly) online Bridge platforms.

Some u3a bridge groups do not have access to electronic scoring, but rely upon an excel spreadsheet to calculate the sessions results

We can accommodate those u3a bridge groups in post-match hybrid results, if they are able to supply their results in an excel spreadsheet in the following format :

Rank	Players_Names	%	Club_Name	%	Club_Name
1	Fred Smith & Freda Smith Tim Brown & Tarquin			57.21	Evesham
2	Clarke			51.82	Evesham
3	etc.				
4	etc.				

This will provide the following hybrid results

Rank	Players_Names	%	Club_Name	%	Club_Name
