

Team Matches

Creating a TM

Step 1 – Go to the Team Match Section

Step 2 – Open the TM Creation Form

Step 3 – Filling the Details and Sending Invites

The screenshot shows the 'Create team match' form on the IntoBridge.com website. A red box labeled '1' highlights the top section of the form, which includes fields for 'Match name' (Stefan's match), 'Boards' (8), 'Kibitzers' (Allowed), 'Undos allowed' (checked), 'Barometer scoring' (checked), 'Team 1' (Blue Team), and 'Team 2' (White Team). A pink arrow labeled '2' points to the player selection area, where users can type a username and select from a list of suggestions. A pink arrow labeled '3' points to the 'Send invitations' button at the bottom right of the form. The background shows a dark green interface with a 'Results' and 'People' tab at the top right, and a 'Lobby chat' and 'Message Lobby' section on the right side.

1. Set up the match details:

- Match name
- Number of Boards
- Kibitzers Allowed/Disallowed
- Undos Allowed/Disallowed
- Barometer On/Off
- Team names
- (Optional) Upload a PBN

2. Set up the match details:

- To invite players, start typing their username and then select from the list

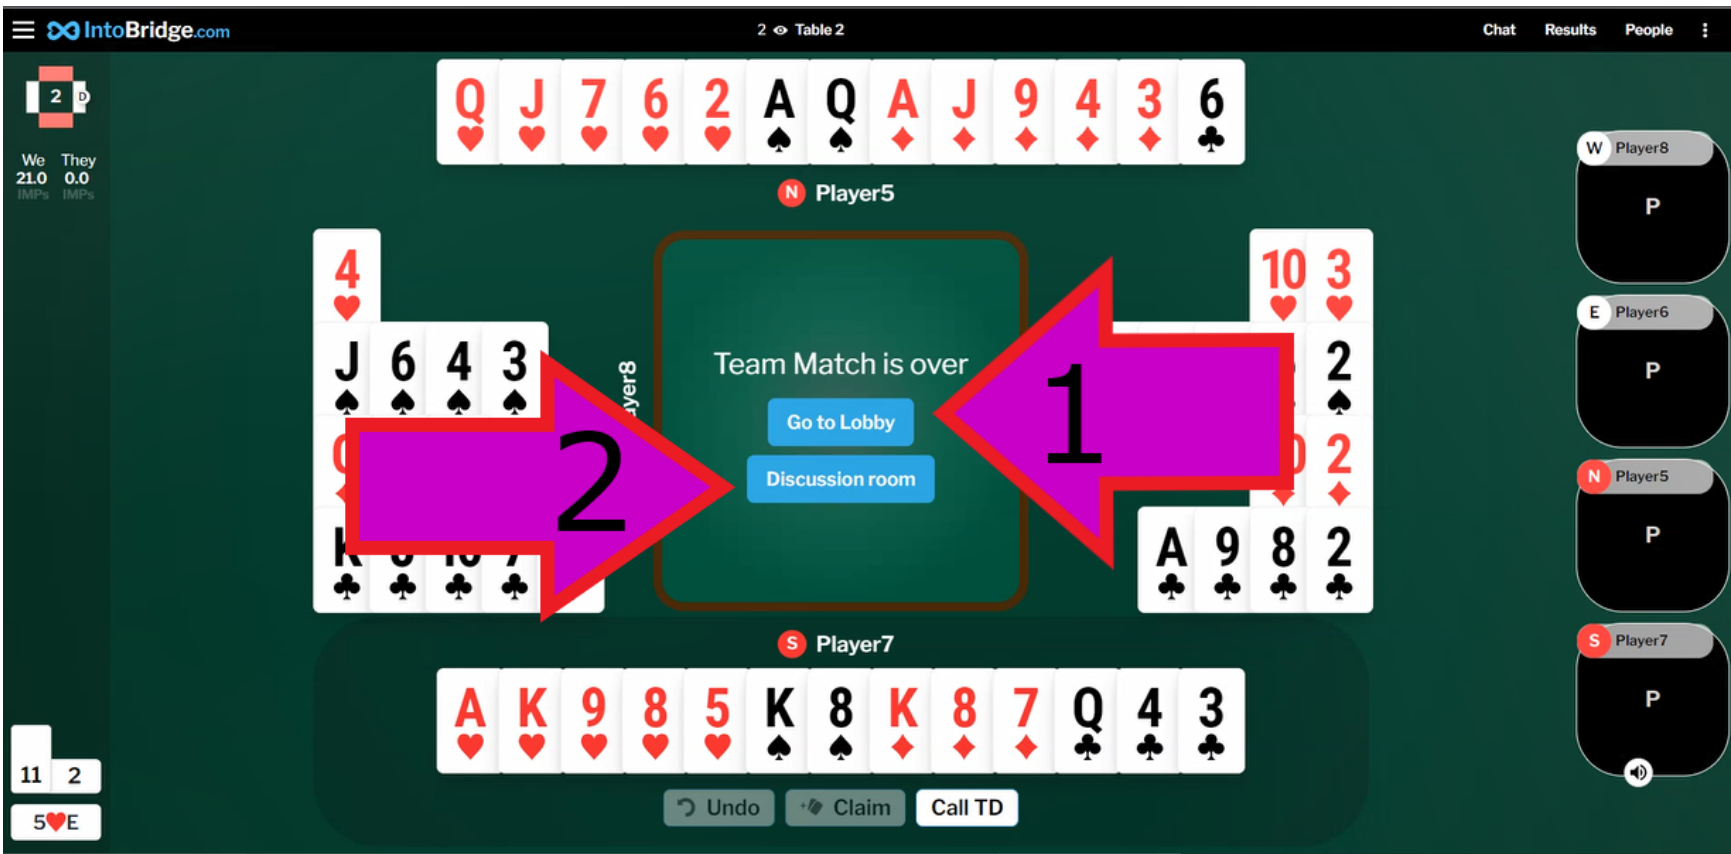

3. Send invitations:

- Once all 8 players are listed, click *Send invitations*

Next: Start the match:

- Once all 8 players accept your invitation, the button Send invitations will change to *Start match*. Click it and all players will be seated automatically

Discussion Room Access once TM is over

1. Go to Lobby

- Clicking on the button will ask you to leave the table and then redirect you to the lobby.

2. Accessing Discussion Room

- Clicking on the button will redirect you to a video & audio room preserved for you and your teammates.

Finishing TM before the other table

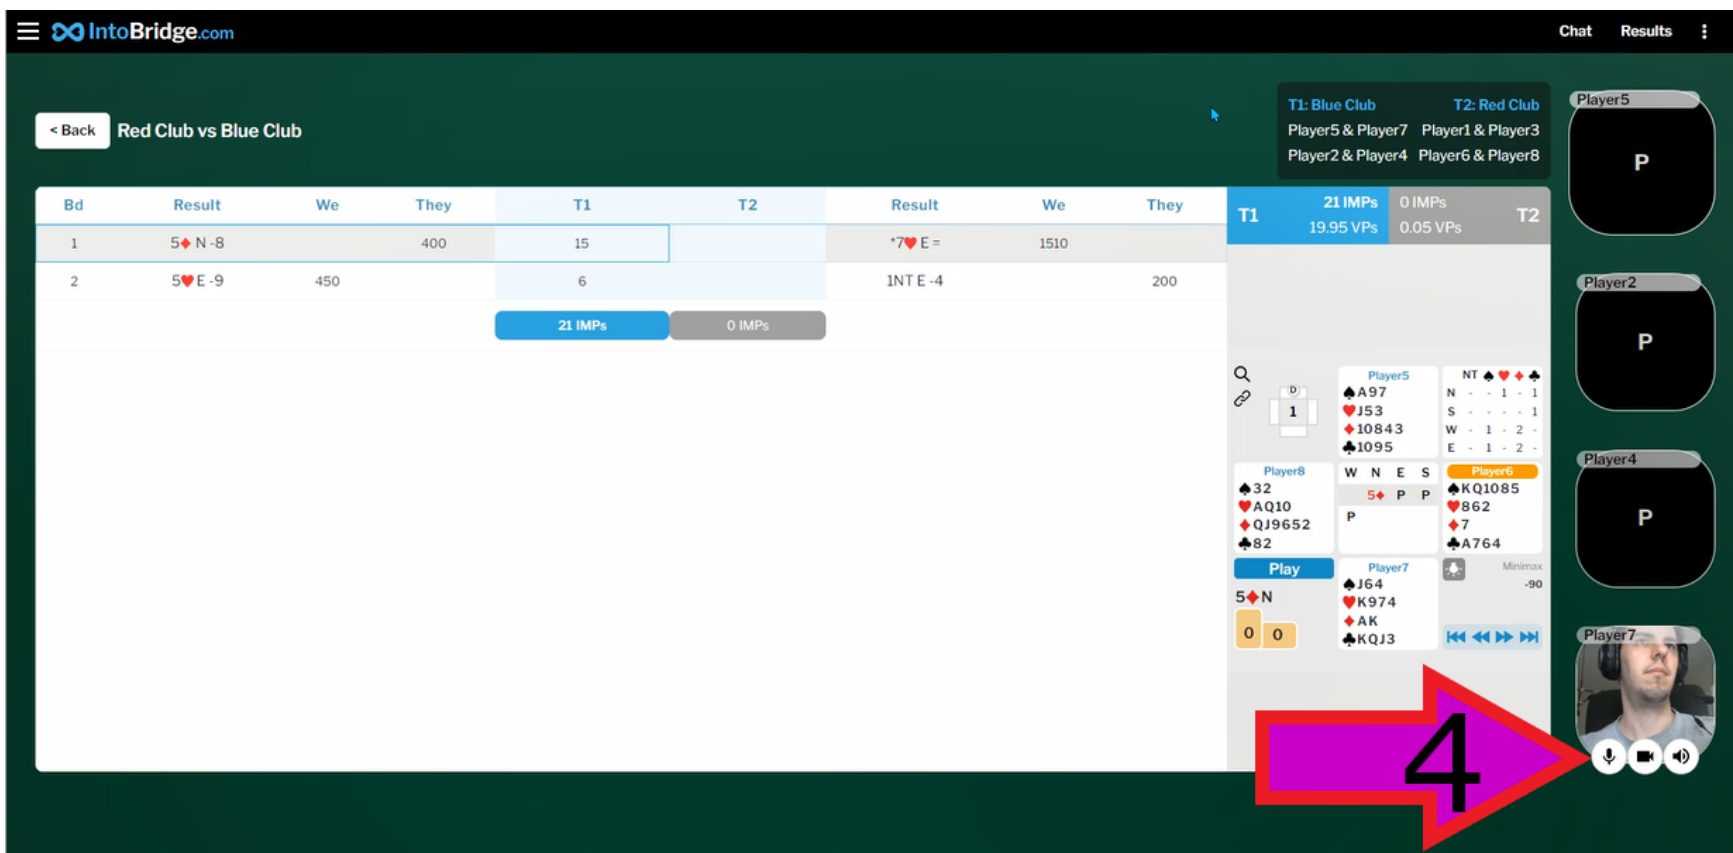

3. Other table

- Clicking on the button makes you a kibitzer of the other table.

In Discussion Room

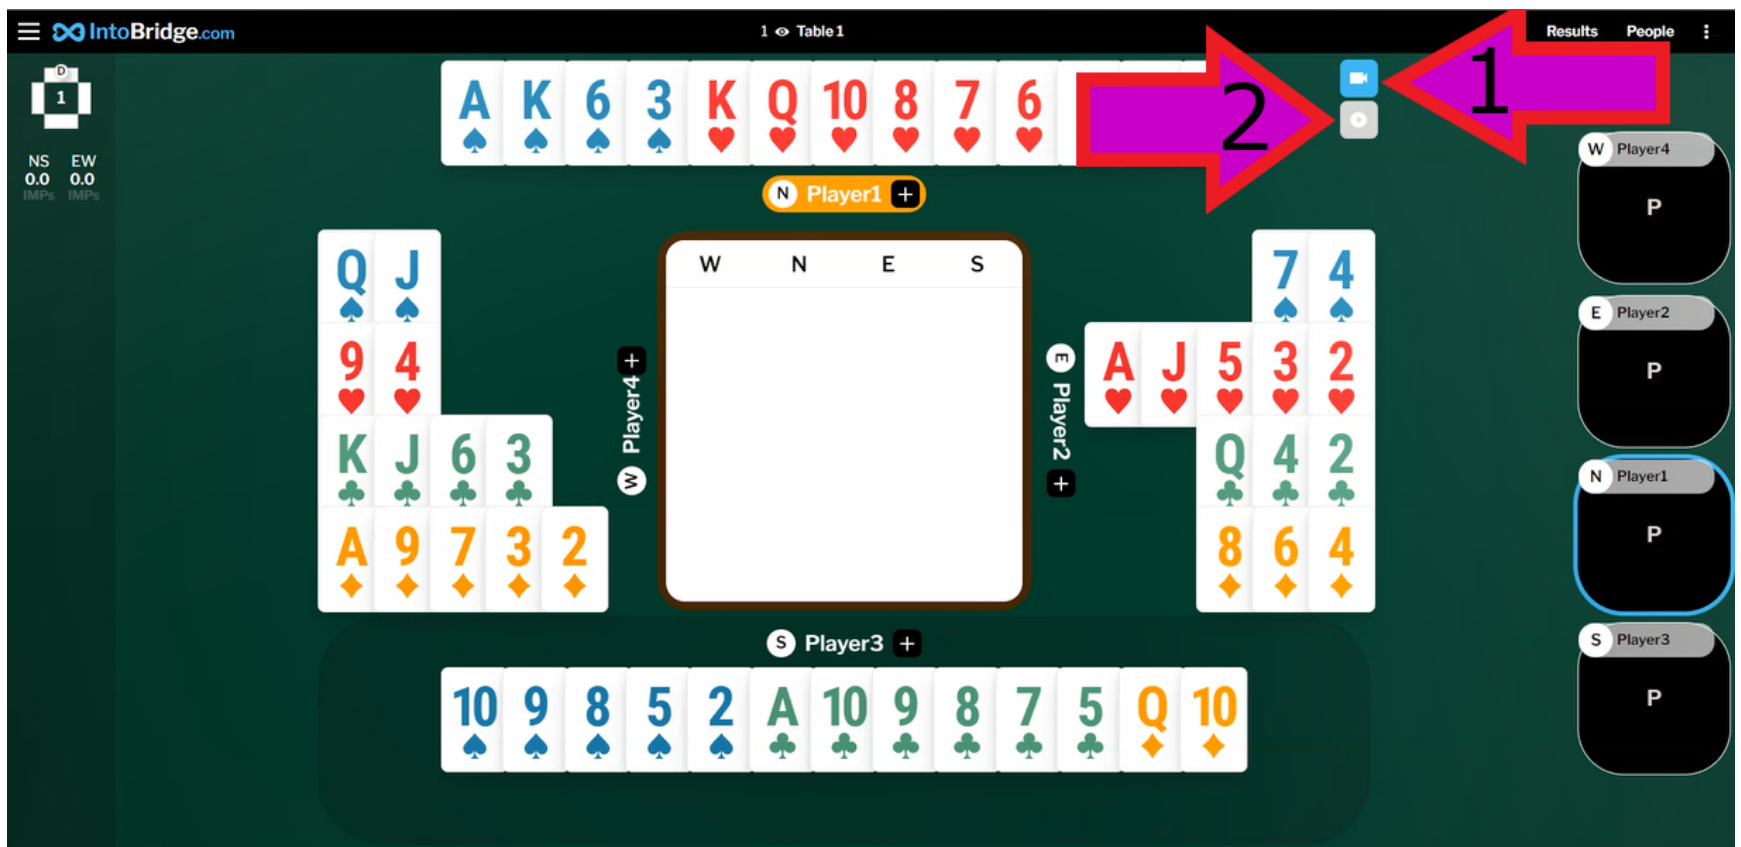

- Only you and your teammates have access to the discussion room. You are freely able to speak with each other and discuss the hands there, while looking at the scorecard.

4. From the 3 buttons on the bottom right corner you can turn on/off your video & audio.

TD Settings

Become Director & Become Teacher

1. Join with Camera

- Clicking this button allows you to join the table with camera & audio. When prompted, you need to allow access to your devices.

2. Become Teacher

- Clicking on the gray button gives you the option to make bids, play cards, undo & claim from all 4 hands.

Replacing a player

1. Replacing a player from the Manage Panel

- 1.1. Go to the Players Section.
- 1.2. Select a Player to Replace.
- 1.3. Select a Player to Invite.
- 1.4. Click on the blue *Invite Button*.

2. As a kibitzing TD, you can replace a player from the black *+* Button next to their username.

Next:

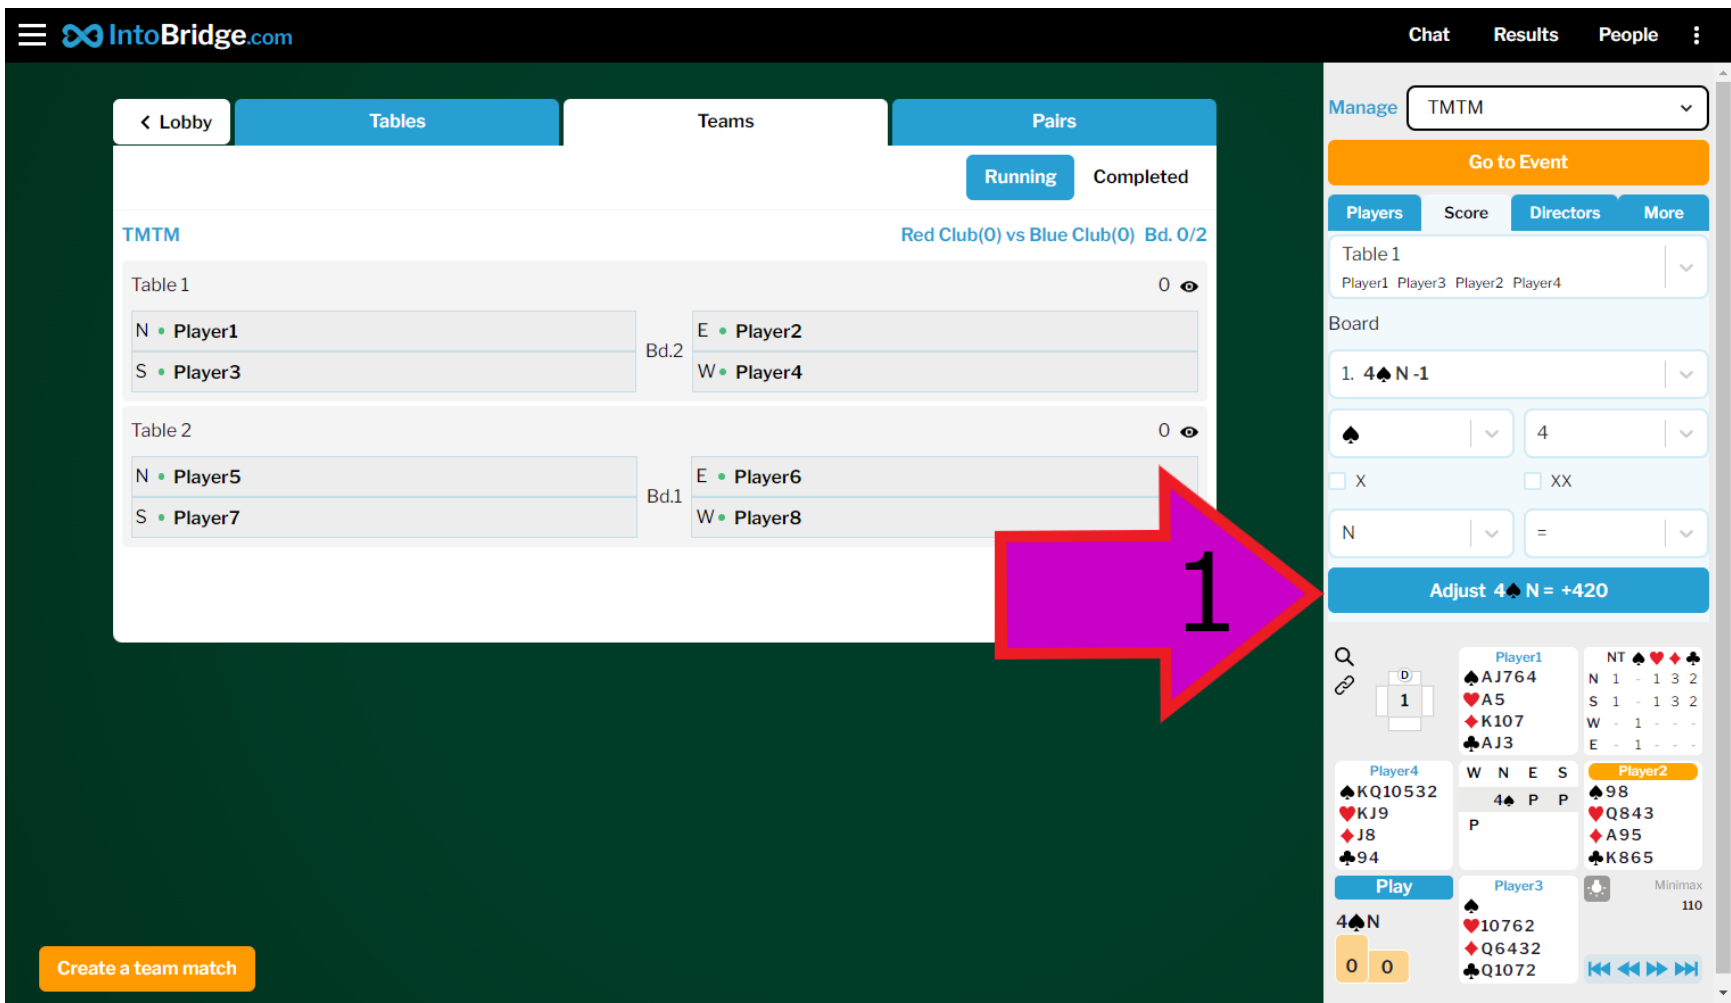

3. Selecting a player and then clicking the button *Invite*

- Sends an invite to Player9 to replace Player1.

4. Clicking on the *Robot Button*:

- Player1 is instantly replaced with a Robot.

Adjusting a Score

1.1. Pick the *Table* on which you want to adjust a score.

1.2. Select the *Board Number*.

1.3. Pick *Suit, Level, Declarer, Result* and tick/untick *X* or *XX* if necessary.

1.4. Click the *Adjust Button*.

Adding/Removing a TD

The screenshot displays the IntoBridge.com interface for managing a match. The main area shows two tables, Table 1 and Table 2, with players assigned to North (N), South (S), East (E), and West (W) positions. A red arrow labeled '2' points to the 'Add director' button in the right sidebar. Another red arrow labeled '3' points to the 'X' button next to 'Player9' in the 'Current directors' list.

Match Details: TMTM, Red Club(0) vs Blue Club(0), Bd. 0/2

Table 1:

N • Player1	E • Player2
S • Player3	W • Player4

Table 2:

N • Player5	E • Player6
S • Player7	W • Player8

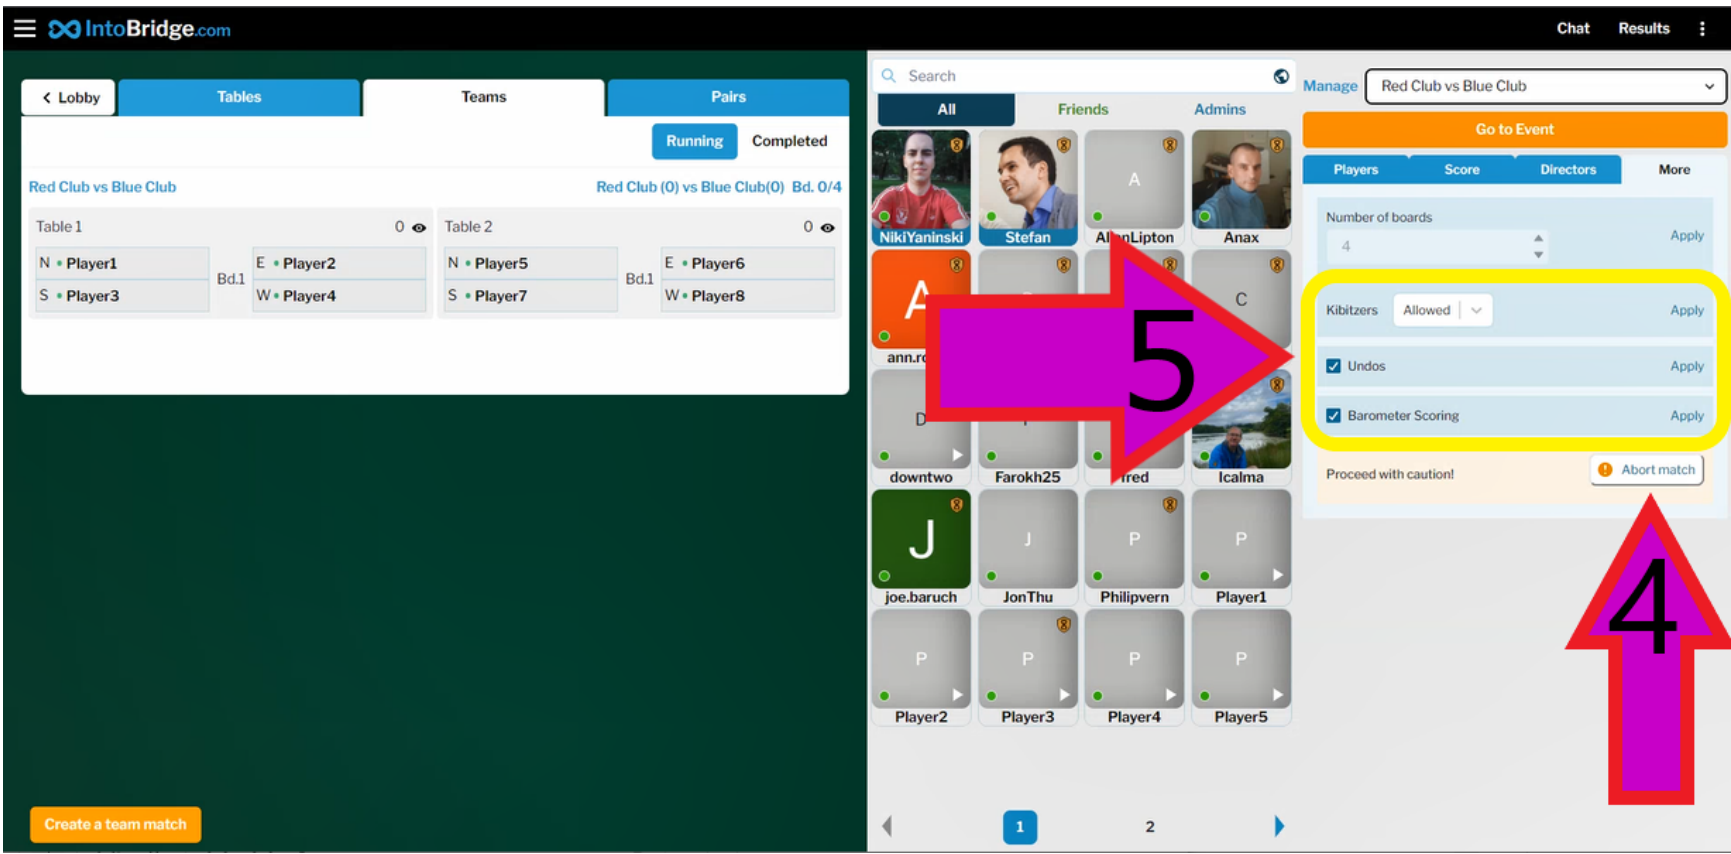

Right Sidebar:

- Manage: TMTM
- Go to Event
- Players | Score | Directors | More
- Add director: Player10
- Add director
- Current directors: NikiYaninski, Player9

2. Clicking the Add Director button makes the selected player a TD.

3. Clicking on the X button removes the player from the list of directors.

More Section of the Manage Panel

4. Clicking the *Abort Button*

- After confirming your choice, the TM will be instantly aborted. The action is irreversible!

5. Change Settings:

- Kibitzers Allowed/Disallowed
- Undos Allowed/Disallowed
- Barometer On/Off
