

Unit 191 Board of Directors Nominee Statements

Ira Mueller

I so enjoy the game of bridge!

After becoming an ACBL member in 1994, I earned a whopping 40 points over the next twenty years - both family and work life taking precedent. Happily, the last eleven years of retirement and an empty nest have afforded me more time for play. Yes – I did play with partners on BBO during Covid but much prefer playing with you in person!

I have served for one term on the Unit 191 Board and would be happy to serve a second term. The Board cares deeply about our local bridge community and strives to grow our knowledge and enjoyment of the game.

Phylliss Woody

Hello friends and fellow bridge players. Again, I am before you and are soliciting your vote to represent you and your silent voices among the masses. I was voted for in 2013 and have been doing this volunteer duty now for the bridge community for twelve years. Being a board member with this organization since 2013 has been thrilling. It has also been rewarding to see what we have accomplished together. At this point I have fulfilled most positions except President, Treasurer, and Secretary. My participation has been a big part of my life's work, and I enjoy it. That is why I ask for your vote and support again this year. I am Phylliss Woody, a widow of thirty-five years, mother of Zelotis Woody, grandmother of Zoey Elaine and I treasure both to the highest mountain. I retired from UNC School of Public Health in 2010. If re-elected, I will continue to serve with the same passion and zeal I exhibit daily and continue to be approachable and committed to Unit 191 and its members. I Love Bridge and its Community!!!!
