### **2022 Goodwill Ambassador Nominee – Ray McEntee**

The Unit 191 Board of Directors is thrilled to honor Ray McEntee as the 2022 Unit 191 Goodwill Ambassador. This honor is given to a player who demonstrates great respect for other players and the game and its ethics. Winners promote bridge by example and help make each game pleasant with gracious behavior in victory and defeat. Competitive players like Ray make the game fun to play.

Since retiring, Ray plays bridge a couple of days a week. These days, he mostly plays with Eric Larson and Maggie Lindquist. In 2016, he noticed a need for more game directors in our Unit and worked hard to become a director, first at Triangle Bridge Club and more recently at Triangle Bridge Academy. Ray has greatly contributed to our community as a player and game director. He has served on the Unit Board of Directors and served as partnership chair for multiple sectional tournaments helping find partners for people who need them. We all appreciate his efforts to help our bridge community in these leadership roles but his behavior and attitude at the bridge table is the most commendable. He is a quiet competitor with great respect for all around him. He truly deserves our recognition as an ambassador of Goodwill for our community. Congratulations Ray!
